REPORT OF DIRECTOR AND SCHOOL IMPROVEMENT COUNCIL

BJ Skelton Career Center has served the high school students of Pickens County since 1965. Students from Daniel, Easley, Liberty, and Pickens High Schools attend the career center as part of their regularly scheduled classes in grades 9 through 12. During the 2010-2011 school year we served 1102 students.

The faculty, staff, parents and community stakeholders at BJ Skelton Career Center are Committed to Excellence. The career center is accredited by the Southern Association of Colleges and Schools. We have identified goals aligned with the Technology Centers That Work (TCTW) school improvement initiatives in which to focus for continuous improvement. Action plans have been developed to address the TCTW goals which are also aligned with our accreditation goals. We have completed a TCTW technical assistance visit and are in the process of realigning our goals for continuous improvement. The Carl Perkins Standards for our state have changed and we are ramping up our efforts to meet the new bench marks. This year we fell short on Nontraditional Retention in our programs. We have planned our staff development for the 2011-2012 school year to make improvements in this area.

Students at the career center continue to demonstrate their skill and leadership proficiencies through competitions and selections for state offices in their student professional organizations. Our students will be competing in competitions in Kansas City, MO and in Anaheim, CA this summer.

We continue to meet accountability goals established by the SC Department of Education and Education Oversight Committee. The four main goals include:
 Skill proficiency in academic studies
 Skill proficiency in technical studies
 Student attainment of a high school diploma
 Placement in postsecondary institution, military service or employment

The citizens of Pickens County can be proud of the students and staff at BJ Skelton Career Center and can look forward to the future with confidence as we transition to our new facilities at the Pickens County Career and Technology Center.

Dr. Steward Baylor serves as our School Advisory Committee chair.
 Leonard Williams serves as our director.
